

Creek Day 2006

WEDNESDAY, MAY 17, 2006 10AM-2PM
FRENCH GULCH CREEK, FRENCH GULCH, CA
CLEAR CREEK STUDENT RESTORATION AND MONITORING PROJECT

Join students from three local schools to learn about recovery in the French Fire burn area!

Creek Day 2006 will feature demonstrations and displays presented by the students. Join them on guided tours around the restoration site!

Come and see how this project can stimulate ideas for other projects with YOUR school or group!

Learning Stations

1. *Wildlife Tracking*
2. *Macroinvertebrates*
3. *Invasive species—removing*
4. *Native species—planting*
5. *Water quality*
6. *Student research and exploration*
7. *Student coordination with technical advisors*
